

Dear Sir or Madam,

My name is Ruan, and I am writing to express my strong interest in participating in the Summer School: International German Language School 2026.

One of my main motivations for applying is to improve my English skills. I understand how important English is in a globalized world, especially in the field of technology, which I am deeply interested in. Being part of an international program would allow me to practice the language in real situations, communicate with people from different countries, and gain confidence in my communication skills.

I am currently dedicated to building my future through education and hard work. I work while also preparing myself academically, as I aim to pursue a college degree in the near future. This routine has taught me discipline, responsibility, and resilience, as I constantly balance my time between work and studies.

In addition, I have been developing my skills in the field of Information Technology. I study programming and related technologies on my own, focusing on continuous improvement and practical learning. I enjoy challenging myself with new concepts and projects, which has helped me grow both technically and personally.

I see this program as a unique opportunity to step out of my comfort zone, experience a new culture, and accelerate my personal and professional development. I am a committed and determined individual, and I always strive to give my best in everything I do.

Thank you for considering my application. I would be honored to be part of this experience.

Sincerely,
Ruan
